Trade-marks Journal

Vol. 63 No. 3242

General Information

The *Trade-marks Journal* is published every week in compliance with Rule 15 of the *Trade-marks Regulations*. The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

Electronic *Trade-marks Journal*

The *Trade-marks Journal* is available in electronic form on the CIPO web site (http://cipo.gc.ca). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

Official Languages

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the Journal are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the Journal have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

Filing Dates

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

Nice Classification

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Trade-marks Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Trademark Description

The mark consists of a three-dimensional configuration of a portion of the interior of a restaurant and bar. The drawing consists of multiple renditions to show all features of the mark. The renditions show two side walls in the interior of the restaurant. The first side wall contains a bar with a long counter and multiple display cases that are curved at the top, with decorative elements hanging from portions of the shelving. The shelving is configured to display a multitude of alcohol bottle varieties. The ceiling shows square tiles with a geometric design simulating textured metal, and has two hanging metal chandeliers that consist of a series of multi-pointed star-shaped ornaments with small punched-out designs through which light emanates. The star-shaped ornaments are located at the tip of the curved rods or loops that extend from the middle of the fixture at its base. The second rendition shows a view of the other side wall. The stylized wording "ROCCO'S TACOS AND TEQUILA BAR" where the wording "ROCCO'S" is underlined, appears as a relief image on the brick-like wall portion. On the left and right sides of the brick-like wall portion are columns that are brick-like in appearance with multiple hanging masks on each column. The ceiling shows the square tiles and one hanging metal chandelier similar to the tiles and chandeliers in the first rendition. The trademark also consists of the colour dark orange (shaded darker in the drawings) as applied to the surface of a particular wall portion in the first rendition and the surface of a particular wall portion in the second rendition. The mark also consists of the colour light orange (shaded lighter in the drawing) as applied to the surface of a separate particular wall portion in the first rendition and the surface of a separate particular wall portion in the second rendition.
